I wish to thank the volunteer committee members for all the work performed in 2019-2020 as many hours writing Educational Modules, meeting and reviewing vendor Modules. I also wish to thank Meredith Slack from Events Management for all her help in being able to achieve all we did this year.

I wish to thank our six Platinum Sponsors for all their assistance in providing the Educational Modules on the CAMDR site. Without the tireless work of this committee and the Platinum sponsors, the CAMDR Educational section of our website would not be so successful.

I wish the new Education Director and committee the best of luck in the 2021 year.
