

PRESIDENT ELECT/VENDOR DIRECTOR REPORT

Thank you, once again for the opportunity to serve as the CAMDR President-Elect/Vendor Director over the past year. It has been a challenging but fulfilling role, during these unprecedented times during the Global Pandemic. My role as President-Elect/Vendor Director is performed on a voluntary basis alongside my full-time role as a health care leader. I would like to extend my heartfelt gratitude to all my fellow board members, the Executive and the Events Management Team for their on-going support of my position, as their experience in running an Association has been instrumental to its success. I also want to thank the CAMDR Provincial Advisors who have volunteered their time over the past year and continue to do so in support of the Association. I am very proud of all Provincial Advisors as they are also the voice and knowledge experts for the Medical Device Reprocessing world. The Education Committee has been hard at work, providing our members website with over 120 Educational modules both in English and French. At this time, it is very important to express my gratitude to CAMDR's Education Director, Colleen Landers, the entire Education committee and the Platinum Vendor support for their commitment and dedication. Also, as an Education Committee member, I can say that many, volunteer hours were dedicated in providing members with amazing educational opportunities. A big thank you and congratulations to Albert Csapo for being a supportive and a very successful CAMDR President this past year. Albert, a heartfelt "Thank You" for all the incredible hard work, passion, and devotion you have shown in your position. I look forward to continuing your hard work and dedication as the next President.

I have thoroughly enjoyed working with the vendor community on behalf of CAMDR. I am thankful for the skills I've acquired and feel each day has made me a complete and well-rounded person. I look forward to serving the Association and advancing its agenda throughout the MDR industry.

Dalyce Fredette-Percy

President Elect
